## MANY CONVENTIONS MEET IN PHOENIX DURING THE WEEK OF STATE FAIR

(Continued from page 1.)

put at work Sunday night made quick repairs.

**Livestock Exhibition Good.**  
The livestock exhibit at the fair is the largest by 100 per cent ever got together in Arizona, and is attracting much attention. Carpenters worked all day Sunday and are still at work this morning building fifty additional pens for the accommodation of late arrivals in the dairy cattle department. The showing of Jerseys, Holsteins, Dutch Belts, Durhams, Alderneys and Ayrshires is particularly good. Every stall in the horse department is filled, and the overflow is being cared for in some of the stables usually occupied by race horses. Of the latter, there are a bout 120 on the grounds entered in some one or more of the many scheduled races.

**Big Poultry Show.**  
The poultry show occupies two buildings this year, as against one last year, and many more birds and geese are penned outside the poultry and pet stock buildings.

**Good Dog Show.**  
The dog show this year will be the best ever held in the state, nearly 250 entries being already benched. In order to accommodate the dogs entered it has been found necessary to double deck the kennels. So good is the showing made that a Dog Fancy and Breeders' association will be formed at a meeting to be held before the fair closes and applications made for a license to hold shows under the auspices of the American Kennel Club.

**Sheep, Goats and Hogs.**  
The showing of sheep, Angora goats and hogs is particularly good, every pen being filled.

The fair commissioners are pleased with the results of their efforts to make the fair an exposition of the agricultural dairy and cattle, sheep, goat and hog raising industries of the state.

**A Convention Week, Too.**  
Besides being fair week this will be a week of conventions, a number of organizations taking advantage of low railroad rates to get together, combining business with pleasure. The state association of county assessors will meet with the state tax commission and will listen to a number of protests against this year's assessment. Among the protesters who have signified their intention of being present are: Walter Douglas, of Douglas, representing the varied interests of the Copper Queen company; Charles Grimes and S. S. Jones, president and superintendent of the Tom Reed Mining company, of Mohave county; W. L. Clark and Harry R. Brown, of the United Verde of Yavapai county; Norman Carmichael, general manager of the Arizona Copper company of Gila county, and W. G. McBride, of the Great Western company.

**Stockmen in Session.**  
The Arizona Stock Growers' association began a three day session today, meeting in the Water Users' building. Nearly all the stockmen of the state are here to visit the fair, and are giving up their mornings to attendance upon the convention. The big thing to be done by the convention is to arrange for the reception of the delegates to the annual convention of the National Live Stock association, which will be held in Phoenix in January next.

**Teachers Also Meet.**  
The Arizona State Teachers' association will meet in annual convention Thursday and Friday of this week and will serve to attract several hundred teachers and their friends. President Wilde, of the State university at Tucson, and president Blome, of the State Normal schools at Flagstaff, and Matthews, of the Tempe Normal, besides other members of the faculties of these institutions will attend the convention. The public school exhibit at the fair is particularly good this year.

**Women and Sportsmen.**  
The Arizona Pioneers' association and the Arizona Sportsmen's association will also hold their annual meetings this week and will be largely attended.

**Big Auto Parade.**  
One of the big events of the week will be the automobile parade of

## DEATH SENTENCE FOR FELIX DIAZ; SENATE MAY TRY TO REMOVE MADERO

Veracruz, Mexico, Oct. 25.—Gen. Felix Diaz and Maj. Zepate, Col. Antonio Milson and Lieut. Lima, officers under Diaz in his attempt to overthrow the government, were condemned to death Sunday by court martial.

Lieut. Camacho, Capt. Mayen, of the rurales guard, and Capt. Bermillo Martinez were sentenced to 10 years' imprisonment, and Gabriel Ramos, customs collector, and Herman Arcangel, censor of telegraph, were sentenced to two years' imprisonment. Nine other officers and civilians were allowed to go free.

The court martial, which was presided over by Gen. Davilla, sat in secret session from 2 o'clock Saturday morning until 2:35 o'clock Sunday morning. The sentences caused a sensation. A great crowd, including relatives and many friends of the accused men gathered and waited for hours for the findings.

**Sentence Suspended.**  
Gen. Davilla refused to acknowledge the orders of the district judge to suspend the proceedings in the case of Gen. Diaz and Maj. Zepate. Gen. Beltrán, military commander of the zone, accepted a writ of habeas corpus and suspended the executions, however, leaving the prisoners temporarily at the district of the city.

It is thought probable that Col. Milson and Lieut. Lima will be shot without much delay.

The proceedings of the military court have been criticized generally as being very deficient. Public opinion has been shocked by the execution of the prisoners with white flags flying and the greeting "Long live Diaz."

**Senate Office Escape.**  
The flight of Gen. Diaz and Capt. Cuesta were among the leaders of the rebellion against the government of Madero. They will join the Mexican rebels. Gen. Diaz had more than 1000 men under his banner, 300 of whom were made prisoners.

**Impunity Dismissed.**  
Mexico City, Mex., Oct. 25.—The question of impunity at Madero as president because of the administration's defiance of the senate's interpretation of the constitution is being discussed. That the senate will take this step is not considered probable for many reasons, one of them being the question of succession.

Friends of Diaz still fear the consequences of the conflict of authority that has arisen between the senate and military courts. If the military court observes the order of the civil authority the final disposition of the case will be decided by the senate. But it would be a surprise to thousands here to receive a message announcing the execution of the rebel generals and associates.

**Sentence for Diaz.**  
Efforts to save his life, especially that of Diaz, continue unabated. Prominent women, men of high social position, members of congress and even high army officers have appealed to president Madero for clemency. But it would be a surprise to thousands here to receive a message announcing the execution of the rebel generals and associates.

**To a Group of Women.**  
A group of women here intimated that they would show a committee of women who pleaded for the life of the men condemned by court martial at Veracruz. When leaving the castle they were cheered by a number of the military college, quartered in the same building.

The quick suppression of the Diaz revolt had shown strength on the part of the government is conceded in the capital, but that the situation has been greatly improved is a matter of doubt.

A number of rebel bands who were operating in many parts of the republic are still active and apparently as active as before. Added to the list is a well defined new revolt in Yucatan.

Gen. Aguilar continues his campaign in the region about Toluca where, since the affair at Veracruz, his followers have entered a number of towns and appropriated horses and supplies.

**No Fear for Capital.**  
Col. Diaz Gomez, cousin and chief lieutenant of Gen. Felix Diaz, has not yet been captured. His whereabouts are unknown and many believe it not improbable he will continue the war.

**Jailer Makes Statement.**  
"Ortega, Didapp and Cordova were put in the condemned cell at my order," declared chief deputy sheriff Stanley Good Monday morning. "They were put in there to suit some changes that I am making at the jail. In the course of the next two or three days, they will be put back in cells in another part of the jail."

The county jail is run by the sheriff of the county, and none other," said the deputy. "The cell is the best one in the jail. The only drawback to it is that the prisoners can't get any exercise."

**FIND BERTHOLD DEAD; POISON BESIDE BED**  
Bisbee Elks Go to Douglas to Hold Love Feast With Douglas Lodge—Pa. made is held.

Douglas, Ariz., Oct. 25.—When city policemen went to notify George Berthold that Henry Dixon, a negro, was dead, they found Berthold, who was one of the best known undertakers in the west, dead. A glass of cyanide of potassium was on the table beside the bed. This morning a chemical analysis of the stomach was made. An inquest before coroner Speed will be held this afternoon. Berthold was 50 years of age and leaves a wife and son. They owned a farm near Als, Okla. N. M. He has a daughter in California.

No cause can be assigned by friends for a rash act. Berthold came here from Cananea, Mex.

One hundred and twenty-five Elks came from Bisbee by invitation of the Douglas lodge to participate in a love feast. A procession of more than 350, headed by the ninth cavalry band, marched from the depot to the club. Three boxing bouts and other athletic stunts were followed by a banquet. Songs and speeches made up the remainder of the entertainment.

High Noftz, aged 14, met the first accident of the local hunting season yesterday, when an accidental discharge of his shotgun tore away the muscles of his right arm, rendering him a permanent cripple. The boy had slipped away from home at midnight Saturday in order to go hunting. He was found lying beside the road and was brought to this city by Arthur Klinkinger.

## FLEEING TURKS ABANDON GUNS

(Continued from page 1.)

Upkup, retreated toward Velea, the men throwing away their rifles in their flight. A number of hand-grenades of supplies were left behind.

**AMERICAN MISSIONARIES IN BALKANS ARE SAFE**  
Boston, Mass., Oct. 25.—Although no word has been received by the American board from any of the missionaries in the Balkans, no anxiety is felt for their safety, according to James L. Barton, secretary of the American board of commissioners for foreign missions.

"This is due to the fact," said secretary Barton, "that they are recognized by all parties as the friends of all classes."

There are between 40 and 50 American missionaries in the country now plunged in war," continued the secretary. "The mission here is in the Balkan states, while 11 are located in four different places in Macedonia."

**AMBASSADOR IS ADVISED OF VICTORY BY THE TURKS**  
Washington, D. C., Oct. 25.—Official dispatches from the Turkish minister of foreign affairs, Mustafa Kemal, by the Turkish ambassador are interpreted at the embassy as news that the Bulgarians have been repulsed from Kirli-Kilisek with heavy loss and the city has been retaken by the Turks.

A Bulgarian defeat at Marash also is reported.

**MORE SERBIANS FROM THE SOUTHWEST JOIN WARRIORS**  
Serbians continue to go to New York from the Arizona and New Mexico mining fields to return to Serbia and serve in the army in the war against Turkey. A carload of Serbians passed through El Paso Sunday evening from the Globe field and 70 more will leave Dawson, over the Southwestern, this week for New York.

**WARSHIPS SAIL FOR BELIRUT.**  
Toulon, France, Oct. 25.—Three French warships left here today for Beirut, for the protection of French interests in that part of the Ottoman empire.

**BECKER GIVES UP HOPE OF APPEAL**  
New York, N. Y., Oct. 25.—"I am no longer optimistic that my lawyers will win me a new trial," said Alvin Karpis, the man known as "Doc" Barker, who is charged with the murder of Herman Rosenthal.

He repeated his statement that he had no connection with the murder, and charged that the informers, Rose, Valon and Weber, not only engineered the crime, but had planned to murder another gambler. The plot had miscarried, he added.

While Becker is awaiting sentence of death to be imposed upon him Wednesday, Justice Goff, who will announce the sentence, is under guard. District attorney Whitman is also under guard. Becker's counsel, Mr. McInyre, is said to be going about armed. It is reported, and even the jury which found Becker guilty, is said individually to fear attack.
